

LOLA & OSCAR'S

ADVENTURE

蘿拉和奧斯卡之旅

BY CLOE L., ILLUSTRATED BY TIFFANY Z.

Lola come over! We need to wash our dirty clothes in the river!

蘿拉，過來吧！我們要在河裏把我們的衣服洗乾淨。

Okay!
好的媽媽！

It's clean when the bubbles are
washed away, okay?

把肥皂泡洗走，才算是乾淨喔！

Ok!
好的！

AHH!
啊!

Oh no!
哎呀！不好！

This again?
又来了？

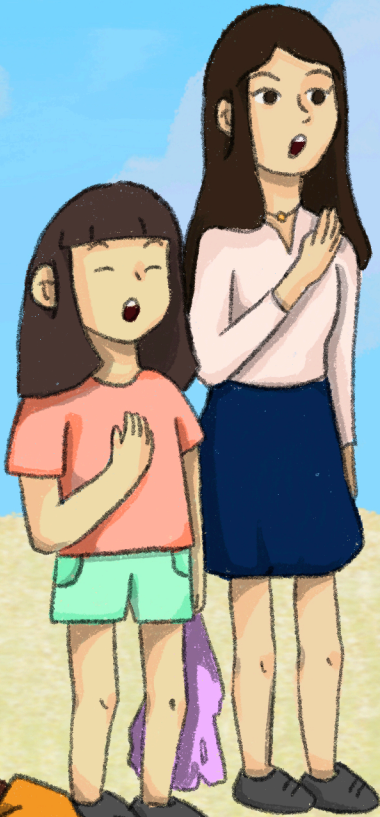

Help!
救命！

Woah! Who are you?
哇！你是誰？

I'm Oscar the Oyster! We help filter the water around us! But we are in trouble - please help us.

我叫奧斯卡！我們是生蠔，我們的工作是幫把周圍的水過濾的乾乾淨淨的。但我們現在遇到了危險，請幫幫我們。

Us oysters stick onto other oysters or rocks to live. We're very harding! One oyster can filter 30 liters of water in an hour.

我們生蠔要粘在其他蠔殼或石頭上生活。我們是很勤勞的！在一個小時內，一隻蠔可以過濾30升的水。

But recently, humans have started to pollute the surrounding nature and harm marine life, like coral reefs and us, oyster reefs! This is because the hills, the rivers, and the oceans are all connected

但是最近，人造出的垃圾開始污染周圍的環境和傷害海洋生物，例如珊瑚礁，和我們：蠔礁。這是因為

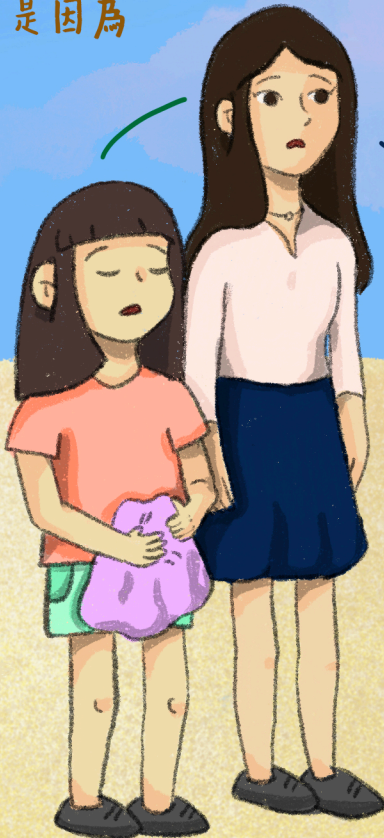

山、河、海，都是互相連結的。

Oh no! We're so sorry.
哎呀！對不起。

Does that mean that our soapy clothes are hurting you?

所以你是說我們衣服上的肥皂在傷害你們？

Yes. That's okay, it's good that you know now. Remember, everything you do on land has a bigger impact than you think.

那是對的。你們現在知道就好了。
記得，你們岸上的行為的影響一定比你想的更大。

Thanks Oscar, we'll never forget this.

謝謝奧斯卡，我們一定不會忘記的。

Mom, let's not wash our clothes in the river next time.

媽媽，我們以後別再在河裡洗衣服了吧。
